

Future City Competition Judges Needed

[The Future City Competition](#) is right around the corner and we need your help! We have a record number of Future City teams this year and we need lots of judges. Would you be willing to spare a few hours to help support our future STEM professionals?

Our first round of judging involves the teams' SimCity computer models (or maps). No previous judging, SimCity, or map experience is necessary. Training will be provided at the beginning of each session. Pizza and snacks will also be available for your time.

Due to the unexpected number of participating schools we will be offering two volunteering opportunities. We would love to have you for one or both sessions. When you sign up, please indicate which date and which shift(s) you would like to attend:

- **Tuesday, December 7**
4:30pm-7:00pm
Waukesha STEM Academy
130 Walton Ave.
Waukesha
- **Tuesday, December 14***
Shift 1: 3:00pm-5:00pm
Shift 2: 5:00pm-7:00pm
(Please arrive promptly for your shift)
MATC Downtown Campus
Room T305, Technical Building "T"
1101 N. 6th St.
Milwaukee

****Please note: Volunteers for the MATC session receive free validated parking in the 8th and State street parking structure only.***

We hope that you can give a few hours of your time. This is a super easy and fun way to support future STEM professionals. Please make sure to indicate which session(s) and which shift you prefer (if applicable). **Contact Susan Coyle, Judging Co-Coordinator, at susan.coyle@gmail.com or 414.967.9373 to sign up by Friday, December 3, 2010.**

[The Future City Competition](#) will be held at the [MSOE Kern Center](#) on **January 22, 2011**. If you are interested in volunteering for the additional components (student essays and/or physical model and presentation) please contact **Susan Coyle** at the info above.
