

INTRODUCE A GIRL TO ENGINEERING

Celebrate the 10th anniversary of Introduce a Girl to Engineering Day on
February 24, 2011.

Major support provided by

Agilent Technologies, Inc., ExxonMobil Corporation, Motorola Foundation, Rockwell Collins, and S. D. Bechtel, Jr. Foundation

Engineers Week® is made possible by the National Engineers Week Foundation and Corporate Affiliates, in addition to other supporters. **William H. Swanson**, Chairman and Chief Executive Officer, Raytheon Company, Honorary Chair Engineers Week 2011; **Leon G. Bellenze**, P.E., FASABE, President, American Society of Heating, Refrigerating and Air-Conditioning Engineers, Chair, Engineers Week 2011. **National Engineers Week Foundation Leadership Council:** Bentley Systems, Inc., ExxonMobil Corporation, Fluor Corporation, Motorola Foundation, S. D. Bechtel, Jr. Foundation, Shell Oil Company. **Members of the Engineers Week Committee:** American Society of Heating, Refrigerating and Air-Conditioning Engineers, Chair, American Council of Engineering Companies, American Institute of Chemical Engineers, American Society of Agricultural and Biological Engineers

American Society of Civil Engineers, ASME, IEEE-USA, Institute of Industrial Engineers, National Council of Examiners for Engineering & Surveying, National Engineers Week Foundation Diversity Council, National Society of Professional Engineers, Society of Manufacturing Engineers, Society of Petroleum Engineers, United Engineering Foundation. **With Support From:** National Science Foundation, U. S. Army Corps of Engineers, U. S. Navy Nuclear Propulsion Program. **2011 Corporate Affiliates:** 3M Foundation, Bechtel, Bechtel Group Foundation, The Boeing Company, CH2M HILL, ConocoPhillips, DuPont, IBM International Foundation, Intel Foundation, Lockheed Martin, Northrop Grumman Foundation, Raytheon Company, Rockwell Collins, National Engineers Week Foundation, 3400 King Street, Alexandria, Virginia 22314. www.ewweek.org ♻️ Printed on recycled paper.

ENGINEERS WEEK® 2011
February 20-26

How to Participate in Introduce a Girl to Engineering Day

Many girls — representing half the future work force — are not receiving the guidance and encouragement they need to enter the engineering arena. Introduce a Girl to Engineering Day is designed to mobilize as many as 10,000 engineering and technical professional women, who, along with their male colleagues, will reach at least one million girls. Career messages that especially resonate with academically prepared girls are outlined in the adjacent panel (Why Engineering?) Here are a few ways to participate and deliver the messages. Find more ideas in the archives of past events:

http://www.eweek.org/site/News/Eweek/nationalpledgeroster_archive.shtml

Contact a local school and visit a classroom.

Contact a local girls' school. See www.ncgs.org for a list of schools.

Offer to host a special program at your local science center.

Let a high school student shadow you on the job.

Hold a Saturday program for employees' daughters and granddaughters.

Work with a local Girl Scout troop on technology-related badges. Order iron-on Discover-e activity badges for the troop from www.eweek.org.

Host a role model luncheon.

Find an event at www.mydiscover-e.org and organize a fun field trip.

Participate in the March Global Marathon For, By and About Women in Engineering & Technology. See www.globalmarathon.net

Sign the Engineers Pledge on FaceBook
