

Rube Goldberg Machine Contest TM

Taking something simple and making it complicated is a teenager's dream come true ... and that's just what this competition does. It challenges students to build a contraption that does something simple (peel an apple, sharpening a pencil, putting toothpaste on a toothbrush) in as many steps as possible.

Physics, chemistry, engineering and ingenuity are all put to the test.

SWE-WI will be sponsoring one of the awards to be given!

The Challenge: Inflate and pop a balloon

General public is invited to view the contest free of charge.

Date: Friday, March 2, 2012

Time: Judging begins at 10:15 AM

Location: [Waukesha County Technical College](#)
327 E. Broadway
Waukesha, WI 53186-5008
